

FEATURING

MILK/RICE/PANDAN/BOBA

DIVING DEEPER INTO EACH NOTE

MILK/RICE/ PANDAN/BOBA

OLFACTIVE
PROFILE

Pandan – Green, floral, sweet, sweet as the combination of rose, almond and vanilla

Rice – Nutty, earthy and warm reminiscent of steamed rice.

MILK/BOBA – Warm, creamy, lactonic, sweet, metallic.

DO YOU
KNOW?

Milk – cozy, comforting scent of milk is a prized note in perfumes. It enhances floral components and blends wonderfully with sweet notes.

Rice – Super-reassuring, moist and fluffy addictive note - familiar to many as it is a main staple across the globe

Pandan – A tropical plant that grows in Southeast Asia. Used widely in both sweet and savoury cuisines.

Boba – Commonly served in hot and cold beverages called bubble teas, made popular in Taiwan .

A comforting coziness that brings warmth to your heart with its soft floral candied notes. A true confection that brings back the child in you.

Creaminess usually denotes a rich feeling, infused with silky, sensuous and lightly or more heavily sweet notes.

Pandan is an aromatic plant of South and Southeast Asia. They are sleek and elongated with a bright green color that grow in a fan-like arrangement in tropical regions.

A familiar fragrance and staple, often described as comforting, moist, fluffy. It is also known as the vanilla of asia.
