Cosmetics

Discover our broad product range

Henry Lamotte Oils GmbH is a leading supplier and producer of oils, waxes and seed flour as well as colours and flavourings – in conventional as well as in certified organic qualities.

Oils and fats for the cosmetics industry

Oils and fats are two of the most important cosmetic ingredients and are deployed in a variety of very different external applications, for example skin care products such as creams, lotions, lipsticks, massage oils as well as hair care products such as shampoos, conditioners and hair tonics.
